## SCHOOL DISTRICT OF MANATEE COUNTY

### MEMORANDUM

**DATE:** August 8, 2019

**TO:** Principals

**FROM:** Cynthia Saunders, Superintendent

**SUBJECT:** Support of Boy Scouts of America

To accomplish our school district's mission to "educate and develop all students today for their success tomorrow," we partner with community organizations that share similar goals.

The Boy Scouts of America is such an organization. Their primary objectives are character development, citizenship, outdoor skills, as well as physical and mental fitness.

With those similar goals in common, the School District of Manatee County encourages these worthwhile programs to be supported in our schools.

Promotional activities may include, at the discretion of the school Principal:

1. The use of the cafeteria or auditorium to conduct a Cub Scout Recruiting Night. The date and time are to be worked out between the school Principal and the Scouting District Executive, Josh Powenski.
2. On a day shortly before the Cub Scout Recruiting Night, you may allow the Scouting District Executive to give a 3-5-minute presentation to each kindergarten through fifth grade classroom.
3. On the day of the Cub Scout Recruiting Night, you may allow the Scouting District Executive to put yard signs outside the school and posters in the building.
4. A promotional flyer may be distributed to all kindergarten through fifth grade boys.

The Boy Scout District Executive will be contacting you to discuss these activities and how the Boy Scouts of America can partner with your school.

The School District of Manatee County appreciates your cooperation in support of this enriching program for our students.
